2011 Hwy 290 Sign Advertising

The 8x20 foot signs on Hwy 290, have been refurbished and skinned. The design includes space to mount custom 16 foot advertising banners.

Those wishing to advertise an event should submit their date request and artwork to the Signs & Decorations Committee for approval. Banner artwork that is not considered compatible with the current design or are otherwise unsuitable with not be approved.

Banners will be installed no later than 4 weeks before the planned event. The current plan calls for the previous event banner to be removed when the following event banner is erected. A maximum of 12 events per year.

The banners will only be installed or removed by Chamber approved persons or contractor. The banners will remain the property of the Chamber and will stored by the Chamber. The banner is expected to have a minimum service life of five years.
